

Infant September 2023

Our infant curriculum focuses on five areas of development: sensory exploration, social emotional, fine motor, gross motor, and language/cognitive. We also do various aesthetics activities throughout the month. Caregivers help babies at each age level to explore specific activities from each area of development.

Each month there is an overall theme with corresponding weekly focus themes. September's theme is "My Wonderful World." The weekly focus themes for the month include:

"I Am Special"

"My Family"

"My Friends"

If you have any questions about what we have planned for your child's day, please ask us! Communication between parents and caregivers is critical in infant care. We are here for you whenever you need us.
