

Infant January 2024

The beginning of a new calendar year is upon us! This January, we are making an effort to hold onto our holiday joy throughout this month, and we are working extra hard to create a warm, friendly, and cuddly environment that is a comforting place for your little one during the winter months. We have plenty of books to read about winter! We know that language grows for little ones as they hear and mimic the words we say, and thinking skills grow as they associate meaning with the new winter words. As always, we will engage your child in various activities to promote development in all domains!

We welcome the opportunity to get to know you and your family better this year! We consider it an honor to spend time with your child for part of the day. Best wishes to you and your family as we start the new year!
