Older Infant

November 2026

Thanksgiving will soon be here with many opportunities for fun with your baby! The theme for this month's curriculum is "We are Thankful!"

November means feasts, family, and Thanksgiving fun! It is a time for remembering, giving thanks, and spending time with families. Since they are in the "sensorimotor" stage, babies use all their senses to explore and learn about their environment. It's a great time for your baby to experience many interesting activities that promote an understanding of their world. And that's exactly what we have prepared to do!

Your little one will participate in weekly activities in the areas of language development, fine motor skills, gross motor skills, social and emotional growth, sensory exploration, art options, and outdoor play! The weekly themes for this month are:

Early Settlers
Native Americans
The First Thanksgiving
Healthy Foods

"Let's all remember to be Thankful"
